Collaborative Planning Time

Staff of Northwest Prep Charter School request an extension of the waiver of Article VI, Section 1 of the teaching contract, regarding teaching hours. Our purpose in requesting such a waiver is to secure, and thereby continue our full access to, our collaborative planning hours on Tuesdays and Thursdays from 3:05 pm to 4:30 pm, for the duration of the 2022-2023 school year and through the 2023-2024 school year.

Collaborative planning time at Northwest Prep is an invaluable component of our program, and one with which we cannot dispense if we are to continue the rigorous and standards-aligned inquiry- and project-based program that we have collectively built. This planning time is used in a variety of ways, including but not limited to the ongoing development of Northwest Prep's portfolio defense program; the design, implementation, and review of a wide range of multidisciplinary projects and formative assessments; WASC Action Plan items; the ongoing development of NWP performance assessments, and other professional development and training efforts.

NWP School-Wide planning time is mandatory for all teachers, except by prior arrangement, and shall not extend beyond the hours listed here.
